DECLARATION

This is to certify that HEI has no formal practice of obtaining students' signatures for attendance in any additional courses provided for fostering academic and professional growth outside the prescribed curriculum. Attendance for these courses is recorded by the respective course instructors. Henceforth, attendance for certain courses is marked with "P," a cross mark (X), or a signature for present, and "A" or "a" for absent, particularly during the COVID-19 pandemic. However, students' attendance is closely monitored and verified by the group tutors and the Head of the Department to ensure eligibility for certificate issuance.
